The Indiana Department of Environmental Management (IDEM) has received a hazardous waste post-closure permit application from:

Former CTS Resistor Network Facility  
406 Parr Rd, Berne, Indiana  
IND005460548

Former CTS Resistor Network Facility applied for a Resource Conservation and Recovery Act (RCRA) post-closure permit to maintain and monitor closed hazardous waste tank and container areas.

IDEM has reviewed the permit application, and has drafted a proposed post-closure permit. The draft post-closure permit describes how the facility must maintain the closed hazardous waste units in order to comply with State and Federal statutes and rules. A copy of the permit application, the proposed post-closure permit, and Fact Sheet, are available for your review at:

- Berne Public Library, 166 N. Sprunger St., Berne, IN
- IDEM's Virtual File Cabinet at: <http://www.in.gov/idem/>

The draft post-closure permit and Fact Sheet may also be viewed at:  
[www.IN.gov/idem/5474.htm](http://www.IN.gov/idem/5474.htm)

IDEM is providing the public an opportunity to submit written comments and/or request changes to the proposed post-closure permit conditions.

You may request that IDEM hold a public hearing about this permit application. At a hearing, you would have an opportunity to submit written comments, ask questions, make statements, and otherwise discuss any concerns about the permit with IDEM staff. If a public hearing is held, IDEM will make a separate announcement of the date, time, and location of that hearing/meeting 30 days in advance.

Written comments with supporting documentation, or a written request for a public hearing, should be sent to Ms. Paula Bansch at [pbansch@idem.IN.gov](mailto:pbansch@idem.IN.gov) or the following address:
